1. outline

Unhappy with the current pace of our work on Mars, the World Government greenlit an experimental project. Codename: MarsBot. The first ever automated, independent artificial intelligence, designed specifically to direct terraforming efforts on the red planet. Your corporation is intended to work under it, helping execute its orders...but that's not going to get you ahead in this business! If you want that govern

ment grant money, you'll have to step up. Outthink the supercomputer. And prove to the UN that only a human can truly design this new home for humanity.

The Automa expansion consists of 1 Neural Instance tile, 6 Marsbot boards (double-sided) for each map (excluding the Amazon Basin), Marsbot board holder, Venus Next board, frontier transport board, 6 black cubes, 6 white cubes, 8 transparent cubes, 1 final score reference card, 6 reference cards for each map, 46 types of Marsbot corporate cards, and 32 types of Marsbot bonus cards.

2. Marsbot Corporate Card

2.1. C01 Credicor

tag	(doesn't exist)
draft priority	Card with the highest promotion cost
initial setup	(doesn't exist)
effect	Every time you use a card with a promotion cost of 20 M€ or more, you get 4 M€
generation effect	(doesn't exist)

2.2. C02 Eco Line

tag	(doesn't exist)
draft priority	(doesn't exist)
initial setup	(doesn't exist)
effect	(doesn't exist)
generation effect	Before starting the Action Phase, add the Rapid Sprouting card to your Action Deck.

2.3. C03 Hellion

tag	(doesn't exist)
draft priority	(doesn't exist)
initial setup	Place the white cubes in Building Track #6, Space Track #9, Science Track #10, Energy Track #5/#9, and Plant Track #11. Place the black cubes in districts #3/#6/#9/#12/#13/#14 of the Earth track respectively.

effect	Each time you reach a white cube, instead of increasing the temperature by 1 level, draw 1 card and use it. Each time a black cube is reached, the temperature rises by 1 level.
generation effect	(doesn't exist)

2.4. C04 Interplanetary Cinematics

tag	incident, event
draft priority	(doesn't exist)
initial setup	Replaced transparent cubes in building/event tracks with white cubes
effect	For each advance you make on the building/event track, you earn 2 M€
generation effect	(doesn't exist)

2.5. C05 Inventrix

tag	(doesn't exist)
draft priority	(doesn't exist)
initial setup	Remove 'Lobbyist' card from bonus deck
effect	Every time you use a card with promotion conditions, earn 2 M€
generation effect	Before starting the action phase, add the Do It Right card to the action deck.

2.6. C06 Mining Cooperative

tag	building, building
draft priority	(doesn't exist)
initial setup	Add 10 M€ on top of this card
effect	Until you reach building track #18, whenever you earn M€, remove the M€ on this card. If there are no M€ on this card, add 10 M€ on this card and advance 1 space on the building track.
generation effect	(doesn't exist)

2.7. C07 Phobolog

tag	universe
draft priority	(doesn't exist)
initial setup	Draw 2 space cards and add them to the bonus deck. Place the white cubes in space track areas #7/#10/#13/#15 respectively.
effect	Each time you reach a white cube, use 1 card from the bonus deck.
generation effect	(doesn't exist)

2.8. C08 Saturn System

tag	Jupiter, space, space, space
draft priority	Jupiter > Space
initial setup	(doesn't exist)
effect	Each time anyone plays a Jupiter card, they advance 1 space on the event track.
generation effect	(doesn't exist)

2.9. C09 Terractor

tag	(doesn't exist)
draft priority	earth
initial setup	Won 25 M€. Replace transparent cubes on Earth tracks with white cubes
effect	For every step you advance on the Earth track, you get 2 M€
generation effect	(doesn't exist)

2.10. C10 Republic of Tarsis

tag	(doesn't exist)
draft priority	city
initial setup	Place 1 city tile
effect	Every time a player places a city tile, they earn 2 M€. Each time you place a city tile, you advance 1 space on the event track.

generation effect	(doesn't exist)
-------------------	-----------------

2.11. C11 Torgate

tag	energy
draft priority	energy
initial setup	Won 10 M€. Place white cubes in energy track #4/#6/#8/#10 areas
effect	Each time you reach a white cube, draw a card and use it, ignoring the first tag on that card. After that, the temperature rises by one level.
generation effect	(doesn't exist)

2.12. C12 UNMI

tag	(doesn't exist)
draft priority	(doesn't exist)
initial setup	Place the Government Subsidy card in the bonus deck and shuffle it.
effect	(doesn't exist)
generation effect	Before the action phase begins, add 1 card from the bonus deck to the action deck every generation starting from generation 2.

2.13. C13 Chengxing Mas

tag	building
draft priority	building
initial setup	Place silver resource cubes in each area starting from building track #4.
effect	Every time you reach a silver resource cube, get that resource cube as M€
generation effect	(doesn't exist)

2.14. C14 Point Luna

tag	universe
draft priority	earth
initial setup	Place the white cubes in districts #1/#5/#9/#13/#17 of the Earth track. Place the black cubes in districts #3/#7/#11/#15 of the Earth track respectively.
effect	Each time you reach a white cube, advance 1 space on the least advanced track. ^[A] . Each time you reach a black cube, advance 1 space on the space track.
generation effect	(doesn't exist)

2.15. C15 Robinson Industries

tag	(doesn't exist)
draft priority	(doesn't exist)
initial setup	Earned 10 M€
effect	(doesn't exist)
generation effect	Add the Diversification card to your action deck before the action phase begins.

2.16. C16 Valley Trust (Overture)

tag	(doesn't exist)
draft priority	science
initial setup	Obtain 1 card. Place the white cubes in science track #8/#16 areas respectively.
effect	Each time you reach a white cube, draw 1 card and use it.
generation effect	(doesn't exist)

2.17. C17 Vitor

tag	(doesn't exist)
draft priority	(doesn't exist)
initial setup	Separate Overachievement cards from bonus deck
effect	For each non-negative victory point card played, earn 3 M€
generation effect	Before the action phase begins, add the 'Overachievement' card to the action deck.

2.18. C18 Acadian community

tag	building
draft priority	(doesn't exist)
initial setup	Use your Settlers card immediately
effect	Every time you place a tile on an area occupied by your marker, you get 3 M€
generation effect	Before the action phase begins, add the 'Settlers' card to the action deck.

2.19. C19 Astrodrill Enterprise

tag	(doesn't exist)
draft priority	universe
initial setup	Place the white cubes in space track #2/#4/#7/#10/#13 areas respectively. Place black cubes in space track areas #5/#11/#16 respectively.
effect	Each time you reach a white cube, advance 1 space on the least advanced track. ^[A] . Each time you reach a black cube, advance 1 space on the space track.
generation effect	(doesn't exist)

2.20. C20 Factorum

tag	energy
draft priority	(doesn't exist)
initial setup	Replace transparent cubes with white cubes on building track
effect	Each time you advance on the building track, add 1 M€ on top of this card.
generation effect	Before the action phase begins, add the Supply & Demand card to the action deck.

2.21. C21 Pharmacy Union

tag	science
draft priority	science
initial setup	Remove the Meteor Shower card from the bonus deck. Draw 1 science card and add it to the bonus deck

effect	Each time a player uses a microbe card, 4 M€ is removed. Each time you use a science card, TR increases by 1
generation effect	(doesn't exist)

2.22. C22 Philaeus

tag	(doesn't exist)
draft priority	(doesn't exist)
initial setup	Place 1 green tile. Add 1 science resource to this card. Immediately use and then remove the Local Neural Instance card. Add Build, Build, Build cards to your bonus deck
effect	Whenever it is adjacent to a player 's tile, add 1 Science Resource on top of this card. Then spend 4 science resources on this card and advance 1 space on the most advanced track that has not reached its maximum.
generation effect	(doesn't exist)

2.23. C23 Recyclone

tag	microbe
draft priority	building
initial setup	Place the white cubes on building tracks #3/#6/#9/#12/#15/#18 respectively.
effect	Each time a white cube is reached, the plant track advances 1 space.
generation effect	(doesn't exist)

2.24. C24 splice

tag	plant
draft priority	microbe
initial setup	Earned 8 M€. Remove the Research and Development card from the bonus deck. Draw 1 microorganism card and add it to the bonus deck

effect	Each time the player uses a microbe card, 2 M€ is earned, and the player either gains 2 M€ or adds 1 microbial resource on that card. Each time you use a Microbe card, earn 4 M€
generation effect	(doesn't exist)

2.25. C25 Byron (Venus Next/Pioneer Base)

tag	microbe
draft priority	(doesn't exist)
initial setup	(doesn't exist)
effect	Each time you use an activity card with an action effect, acquire 1 float resource. At the end of the game, 1 victory point for each activity card with action effect used.
generation effect	(doesn't exist)

2.26. C26 Celestic (Venus Next/Pioneer Base)

tag	Venus
draft priority	Venus > Jupiter
initial setup	Obtain 1 float resource
effect	Each time you fail an action, gain 1 additional float resource.
generation effect	Before starting the research phase, obtain 1 float resource.

2.27. C27 Morningstar Incorporation (Venus Next)

tag	Venus, Venus
draft priority	(doesn't exist)
initial setup	Remove the Lobbyists card from the bonus deck. Add Venusian Lobby card to bonus deck. Place silver resource cubes in Venus track #5/#6/#7/#8/#9/#11/#12 areas respectively.
effect	Each time you reach a silver resource cube, gain that resource as M€

generation effect	(doesn't exist)
--------------------------	-----------------

2.28. C28 Aphrodite (Venus Next)

tag	plant
draft priority	Plants > Animals > Venus
initial setup	(doesn't exist)
effect	Each time the Venus colonization rate increases, 2 M€ is earned.
generation effect	(doesn't exist)

2.29. C29 Menu Tech

tag	building
draft priority	(doesn't exist)
initial setup	Place black cubes in zones #5/#12 on each track respectively.
effect	Each time you reach a black cube, advance one additional space on the track.
generation effect	(doesn't exist)

2.30. C30 Aridor (Pioneer Base)

tag	(doesn't exist)
draft priority	Tag of least advanced track ^[A]
initial setup	Place the white cubes in Building/Space/Science/Energy Track #3 area and Jupiter Track #6 area respectively. Place the black cubes in Earth Track Area #3, City Track Area #6, and Plant Track Area #3/#6, respectively. Add 1 satellite tile to the game
effect	Each time you reach a black or white cube, advance one space on the event track.
generation effect	(doesn't exist)

2.31. C31 Arclight

tag	animal
draft priority	Animals > Plants
initial setup	Replace transparent cubes in plant tracks with white cubes
effect	Each time you use a Plant/Animal card, get 2 M€
generation effect	(doesn't exist)

2.32. C32 Polyphemus

tag	universe, universe, universe, event, event, event
draft priority	(doesn't exist)
initial setup	Earned 25 M€
effect	(doesn't exist)
generation effect	Before the action phase begins, discard 1 card with the fewest tags from the action deck.

2.33. C33 Poseidon (Pioneer Base)

tag	(doesn't exist)
draft priority	(doesn't exist)
initial setup	Deploy 1 Pioneer Base (obtain 2 response resources from Transport Board)
effect	Each time you place a pioneer base, advance 1 space on the least advanced track. [A]
generation effect	(doesn't exist)

2.34. C34 Stormcraft (Venus Next/Pioneer Base)

tag	Jupiter
draft priority	(doesn't exist)
initial setup	Obtain 1 float resource
effect	Each time you consume float resources to hold an additional card, the temperature increases by 1 level.
generation effect	Before starting the research phase, obtain 1 float resource.

2.35. C35 Lakefront Resort

tag	(doesn't exist)
draft priority	(doesn't exist)
initial setup	Place 1 white cube on this card
effect	Whenever a marine tile is placed, if there is a white cube on this card, remove that cube and advance 1 space on the building track. If not, place 1 white cube on this card. Marine tile adjacency bonus changed to 3 M€
generation effect	(doesn't exist)

2.36. C36 Freestar

tag	(doesn't exist)
draft priority	(doesn't exist)
initial setup	(doesn't exist)
effect	Whenever you raise a planetary indicator, if there is a white cube on this card, remove that cube. After that you get 1 TR rise and 6 M€ and skip raising the planetary indicator
generation effect	Before the Action Phase begins, if there is no white cube on this card, add 1 white cube on this card.

2.37. C37 Septem Tribus (Turbulent)

tag	(doesn't exist)
draft priority	(doesn't exist)
initial setup	Remove the Party Politics card from the bonus deck. Add Gray Eminence card to bonus deck. Add all legislators of one of the unused colors to the legislator waiting room (treat them as Marsbot legislators)
effect	(doesn't exist)
generation effect	Before the action phase begins, add the 'Gray Eminence' card to the action deck.

2.38. C38 Terra Labs

tag	science
draft priority	(doesn't exist)
initial setup	8 TR reduction
effect	(doesn't exist)
generation effect	Before the action phase begins, for generations 1 to 8, draw 1 card and add it to the action deck. For generations 9 and above, draw 2 cards and add them to your action deck.

2.39. C39 Utopia

tag	building, space
draft priority	(doesn't exist)
initial setup	(doesn't exist)
effect	(doesn't exist)
generation effect	Before the action phase begins, add the Investors card to the action deck.

2.40. C40 Ecotec

tag	plant
draft priority	Plants > Microorganisms > Animals
initial setup	Add 2 plant resources to this card. Replace transparent cubes in plant tracks with white cubes
effect	Each time you use a Plant/Microorganism/Animal card, add 1 plant resource on top of this card.
generation effect	Before the Action Phase begins, if there are 5 or more Plant Resources on this card, remove 5 Plant Resources on this card and advance 1 space on the Plant Track.

2.41. C41 Kuiper Cooperative

tag	universe
draft priority	universe

initial setup	Place the white cubes in space track areas #4/#8/#12 respectively. Place the black cube in space track #7/#10/#14
effect	Each time a white cube is reached, the temperature rises by 1 level. Each time a black cube is reached, place 1 ocean tile
generation effect	(doesn't exist)

2.42. C42 Nirgal Enterprise

tag	buildings, energy, plants
draft priority	(doesn't exist)
initial setup	Remove Overachievement card from bonus deck
effect	+2 in all corporate awards
generation effect	Before the action phase begins, if you are in generations 2-5 or 10 or higher, declare an achievement. For 6th to 9th generations, perform corporate award enactment. If the above action cannot be performed, the failed action is not performed.

2.43. C43 Paladin Shipping

tag	universe, event
draft priority	space > event
initial setup	Won 5 M€. Place the white cubes in space track #3/#4/#6/#8/#10/#11 areas respectively. Place black cubes in incident track areas #3/#4/#6/#8/#10/#11 respectively.
effect	Whenever you reach a white/black cube, relocate that cube onto this card. If there are cubes of two colors on this card, remove 1 pair of cubes and increase the temperature by 1 level.
generation effect	(doesn't exist)

2.44. C44 Sagita

tag	energy, event
draft priority	(doesn't exist)
initial setup	Earned 8 M€

effect	Every time you use a card without a tag, you get 10 M€ instead of 5 M€. Every time you use a card with 1 tag, you get 1 M€
generation effect	(doesn't exist)

2.45. C45 Spire

tag	earth
draft priority	Cards with the most tags
initial set up	(doesn't exist)
effect	Whenever you use a card with 2 or more tags, add 1 Science Resource on top of this card.
generation effect	Before the action phase begins, if there are more than 10 science resources on this card, remove 10 science resources on this card, place 1 city tile and increase TR by 1.

2.46. C46 Tyco Magnetics

tag	(doesn't exist)
draft priority	Energy > Science
initial setup	Add the Interface Hyperlink card to the bottom of the bonus deck.
effect	(doesn't exist)
generation effect	(doesn't exist)

3. Marsbot Bonus Card

3.1. B01 Meteor Shower

Terms of Use	(doesn't exist)
effect	Remove up to 5 plant resources from the player
Removal Conditions	If 3 or more of the player 's plant resources are removed or the above effect is blocked, remove this card.

3.2. B02 Invasive Species

Terms of Use	(doesn't exist)
effect	Remove 1 animal/microorganism resource from the player with the highest score . a. When using the <Venus Next> expansion or the <Pioneer Base> expansion, obtain 2 M€ and 1 float resource. b. Earned 5 M€
Removal Conditions	(doesn't exist)

3.3. B03 Research And Development

Terms of Use	(doesn't exist)
effect	Draw 1 card and use it
Removal Conditions	(doesn't exist)

3.4. B04 Overachievement

Terms of Use	(doesn't exist)
effect	a. Declare possible achievements b. For the 6th generation or later, the most advanced company award is established. d. [B] c. Earned 5 M€
Removal Conditions	If a/b effect was used, remove this card.

3.5. B05 Expedited Construction

Terms of Use	<Pioneer Base> Expansion not used
effect	a. If it can be placed 2 or more adjacent to an ocean/green space tile, place a city on that space. b. no effect
Removal Conditions	If an effect was used, remove this card.

3.6. B06 Lobbyists

Terms of Use	<Venus Next> Expansion not used
effect	a. If the temperature is 1 or 2 levels before reaching the bonus or maximum, the temperature increases by 2 levels. b. If the oxygen concentration is 1 or 2 levels before reaching the bonus or maximum, place 1 green tile and increase the oxygen concentration by 2 levels. c. If there are 2 or more ocean tiles and an adjacent ocean-only zone, place 1 ocean tile. d. Based on the planet surface furthest from the maximum, increase oxygen concentration by 1 level, place 1 ocean tile, or increase temperature by 1 level.
Removal Conditions	If a/b/c effect was used, remove this card.

3.7. B07 Local Neural Instance

Terms of Use	(doesn't exist)
effect	a. Place a MarsBot Local Neural Instance tile in a space that is not adjacent to any tile (except cells adjacent to a dedicated area or on the edge of the map). Apply normal placement priorities. b. If the above tile is not placed, draw 1 card and use it.
Removal Conditions	If the above tile is placed, remove this card

3.8. B08 Corporate Competition (Tharsis)

Terms of Use	Use Tarsis Map
effect	a. If you have more than 5 M€, you will receive the nearest corporate award.^{[6][B]} Perform action for competition and remove 5 M€. - Pioneering Company Award: Place 1 green tile (resulting in an increase in oxygen concentration by 1 level) - Financial Enterprise Award: Advance 1 space from the building/event track that is less advanced (in case of a tie, the building track takes precedence) - Science Enterprise Award: Advance one space on the science track - Heat Award: Advance 1 space on the Energy Track. - Mining Enterprise Award: Advance 1 space on the space track. - Goldstar Enterprise Award: Advance 1 space on the Goldstar track

	b. Draw 1 other bonus card, use it, then discard it along with this card.
Removal Conditions	(doesn't exist)

3.9. B09 Corporate Competition (Hellas)

Terms of Use	Use the Hellas map
effect	a. If you have more than 5 M€, you will receive the nearest corporate award.^[B] Perform an action for competition and remove 5 M€. • Forest Enterprise Award: Place 1 green tile (resulting in an increase in oxygen concentration by 1 level) • Giant Enterprise Award: Draw 1 maintenance card and use it • Space Enterprise Award: Advance 1 space on the space track • Special Company Award: Remove 1 animal/microorganism resource from the player with the most points. • Construction Company Award: Advance 1 space on the building track. • Goldstar Enterprise Award: Advance 1 space on the Goldstar track b. Draw 1 other bonus card, use it, then discard it along with this card.
Removal Conditions	(doesn't exist)

3.10. B10 Corporate Competition (Elysium)

Terms of Use	Use Elysium Map
effect	a. If you have more than 5 M€, you will receive the nearest corporate award.^[B] Perform an action for competition and remove 5 M€. • Prestigious Company Award: Select and use a card with a promotion cost of 20 M€ or more • Industrial Enterprise Award: Advance 1 space on the Energy Track • Rough Land Pioneer Company Award: Place 1 green tile in 4 rows below the map (resulting in an increase in oxygen concentration by 1 level) • Real Estate Company Award: Place 1 green tile in a space adjacent to the ocean tile (resulting in an increase in oxygen concentration by 1 level) • Terraforming Enterprise Award: 2 TR increase • Goldstar Enterprise Award: Advance 1 space on the Goldstar track b. Draw 1 other bonus card, use it, then discard it along with this card.

Removal Conditions	(doesn't exist)
--------------------	-----------------

3.11. B11 Corporate Competition (Utopia Basin)

Terms of Use	Use the Utopia Basin Map
effect	a. If you have more than 5 M€, you will receive the nearest corporate award. ^[B] Perform action for competition and remove 5 M€. - Suburban Development Company Award: Place 1 green tile on the edge of the map (resulting in an increase in oxygen concentration by 1 level) - Investment Company Award: Advance one space on the Earth track - Plant Enterprise Award: Advance 1 space on the plant track. - Corporate Business Award: Select and use one card with a promotion cost of 10M€ or less. - City Enterprise Award: Place 1 city tile - Goldstar Enterprise Award: Advance 1 space on the Goldstar track b. Draw 1 other bonus card, use it, then discard it along with this card.
Removal Conditions	(doesn't exist)

3.12. B12 Corporate Competition (Cimmerian Plateau)

Terms of Use	Use Cimmerian Plateau map
effect	a. If you have more than 5 M€, you will receive the nearest corporate award. ^[B] Perform action for competition and remove 5 M€. - Energy Company Award: Advance one space on the energy track - Venture Business Award: Place 1 city tile in a space adjacent to a special tile. - Transnational Enterprise Award: Advance 1 space on the track with the most progress - Animal Microorganism Enterprise Award: Advance 1 space on the animal track - Observation Company Award: Draw and use 1 card with promotion conditions and win 5 M€ - Goldstar Enterprise Award: Advance 1 space on the Goldstar track b. Draw 1 other bonus card, use it, then discard it along with this card.
Removal Conditions	(doesn't exist)

3.13. B13 Corporate Competition (Borealis Plain)

Terms of Use	Use the Borealis Plains map
effect	a. If you have more than 5 M€, you will receive the nearest corporate award.^[B] Perform an action for competition and remove 5 M€. • Tourism Business Award: Advance 1 space on the Jupiter track • Landscaping Company Award: Place 1 green tile (resulting in an increase in oxygen concentration by 1 level) • Inland Enterprise Award: Place 1 green tile in a space not adjacent to an ocean tile (thereby increasing oxygen concentration by 1 level) • Planning Enterprise Award: Advance 1 space on the incident track • Steel Enterprise Award: Move forward 1 space on the building/space track. • Goldstar Enterprise Award: Advance 1 space on the Goldstar track b. Draw 1 other bonus card, use it, then discard it along with this card.
Removal Conditions	(doesn't exist)

3.14. B14 Corporate Competition (Achievements and Corporate Awards)

Terms of Use	<Achievements and Corporate Awards> Expanded Use
effect	a.
